Behavioral Expectations: Students are expected to maintain good attendance and make up any work from absences. Students should arrive to class on time and be prepared to work. Everyone should do their best to actively participate in class and to create a positive work environment. Students are expected to clean up after themselves. Students are given freedom to talk to their peers with the understanding that the conversations will be school appropriate and positive towards everyone. If this is not followed, students will be asked to work quietly.

Academic Expectations: Assignments need to be completed to the best of each student's ability and turned in for full credit. Any student with missing assignments will need to make arrangements with me to finish work. Sketchbooks will be (or next day as applicable due to holidays) and will be due at the end of each quarter. Students are expected to keep their projects and sketchbooks organized and in good condition.

Students are also expected to maintain and properly care for the art room and supplies. Proper handling, use, and cleaning are necessary to ensure that we have quality items to use throughout the year. Anyone that is misusing or abusing the art supplies may lose access to certain materials as a result.

Grading: Grades will be posted on PowerSchool. Students will be graded on craftsmanship, following directions, demonstrating creativity and participation.

We have read and understand the requirements for Art class for the coming school year.
